"Amazing Experience!"

Just stayed at the Beacon this week and have only great things to say! The hotel staff is wonderful, and they really go above and beyond to accommodate the guests. The location is great, right across from the beach and in the middle of south beach. Very clean rooms, quiet, all the amenities you could need. The breakfast included is not your typical continental breakfast. You can choose from any eggs you like Omelettes, French toast, bagels, waffles, pancakes, coffee and orange juice. So delicious! If I go back to south beach, I will only stay at the Beacon. Best hotel experience I have had, hands down!

"Best Location!"

This is the best location to be in when staying in South Beach. Right where all the action is!

The beach is right across the street. The hotel provides towels and chairs which makes going to the beach more enjoyable. The room was very neat and clean, the bed was phenomenal! The staff very personable! Included with the price is a hearty, tasty breakfast.

Can't say anything negative about this place... Hope you enjoy it as much as my husband and I did!

"Beacon Hotel - WOW!"

This hotel was great! I was not expecting much as I thought it was an older hotel but it was awesome. The rooms are great and look like they are recently renovated. The hotel provides beach towels and deck chairs for the beach right across the road - very handy. The reception desk service was excellent. Far better than what I have received in the larger hotel "chains". Very friendly and helpful! The mini bar is well appointed and the room was nice, quiet and most importantly air-conditioned. Breakfast is served in the cafe on the doorstep (which is great people watching) and the food is excellent. The hotel is in a convenient location with all the bars and restaurants literally on the front door. Close to shopping and of course the beach! I would highly recommend staying here. Thank you Beacon Hotel!

"Wonderful location - Great Trip!"

I love the Beacon in south beach, this is a great spot if you want to be in the midst of everything happening on the strip. The hotel and hotel room was great, nice amenities to include having bath robes compliments of the hotel in the room our entire stay and also large beach towels and beach chairs to take on the beach as well. This was a nice touch to the beach experience.

If you have small children, I wouldn't recommend this location as it is a little noisy and to me not a hotel for children. Besides that I love the hotel the staff the location and the price for me and my boyfriend to go was great not expensive because we caught a great deal at the last minute which was awesome.

I would definitely stay here again!!!
